### The Story behind Sai Yok Elephant Park

Sai Yok Elephant park was founded by Mr.Chaipong Saendee since 1996 . He was raised from the family of elephant carer. The park was founded base on his love and

understanding of elephant life. He pick the location of the park carefully to suite with elephant's well being; River for bathing, drinking and enjoying themselves. With natural shades and abundance from the jungle, the elephant feel safe to mate and new offspring of elephants are born. We are proud of this quality and we want you to be part of our elephant conservation and spread the fame to global level.

Our ancestors are Gui people (Suai People) of the elephant village in Surin. We inherit the knowledge of elephant life past down through generations. In the past, elephant serve as the transportation for the farmers. Dragging logs and trees for household construction. Pulling carts to transport the agriculture goods. Representing as a symbol of wealth to the owner .In war time, elephant serves as the war elephant for the King. This is why Thai people are so bonded to them.

Now that the jungle is shut down for preservation. Elephants are no longer need for the works in the jungle. To adapt to the changing world, Mr. Chaipong decided to train them for tourism business of elephant trekking. Earning the income to our nation.

At first, the Sai Yok elephant park is not well-known to tourists. The herd of elephant is smaller than nowadays. But as there are lots of improvement and the ideal habitat for elephant together with the development of elephant feed by Mr. Chaipong base on his knowledge. The developed feed become elephant's favorite and helps them in becoming healthier.

The pass ten years, Sai Yok Elephant park become a well-known attraction of Thailand to the world. Many elephant babies are born, fun packed talent show of elephant babies bring out joy from visitors. This leads to employment opportunity for the locals which bring incomes to the neighborhood.

Sai Yok Elephant Park is awarded with Best Elephant Park, Best elephant show, OTOP award, Best Elephant park standard. With more than 50 elephants at the park, Sai Yok elephant park become the largest elephant park in Kanchanaburi with enough elephants for visitors to enjoy. Taking care of elephant is a difficult and challenging task as it requires love and understanding of their nature. Mr. Chaipong understand this and able to successfully overcome the obstacles. The Soo Laew Ruay show has come to record an episode to show how Mr. Chaipong, a true elephant man, successfully run the park. It would be our honor to invite you to participate in conserving Thai elephants, the symbol of Thailand, to be known to the world.
